T. Thompson sell. on farm later owned by Solomon Wright & now by his son Edward.

Mrs Fraser had several children at the time of her marriage to Ensign Thompson, but none after. One of the daughters mar. John G. Chute who lived & died on the front of Fredericburg. He at one time had a large farm, a distillery & a store. He was a success in business in his store to being Seymour. His store was located on the farm now owned by our townsman Allan Neilson. Several of Mr. Chute's descendants are yet living - David Chute, near Belleville

Another of Mrs. Fraser's daus. mar. James McHale of "Meyers' Creek," later Belleville. He was an important man there & represented Hastings county at one time in the Upper Canada Legislature. Another, Elyza Eller, mar. Dr. J. B. Ham, a man at one time well known in this county. He lived at one time in Kingston & was in the law office with Sir John A. Macdonald. He afterward studied Medicine, & they moved to Uttery, where both lived & died. Mr. Thompson made her his heir to the farm & other lands he held. In after years a number of the farmers along the second concession - the Vandermaters, Houghes, Hills & others - had a long & expensive lawsuit with the Hames about the possession of acres yet connected with their farms, which, it was claimed, Thompson had obtained a title for the Government.

Another of Mrs. Thompson's daughters married James Carpenter, who many years ago was quite a prominent citizen of Toronto, where some of the descendants still are living. A couple of the grandchildren of Mr. McHale were Mrs. Willard, whose husband was one of the first hardware merchants of Kingston, & another, Mrs. James Glass, of Belleville, whose son was largely interested in the gold-mining interests of North Hastings.

THE LATE MRS. MURDOCH.

Died at Her Daughter's Home in
Kingston. 1901

On Monday morning Magdalena Johnston Clute, relict of the late Nicholas W. Murdoch, died at the residence of her daughter, Mrs. H. W. Casey, 309 Brock street, aged over ninety years. Deceased had been in declining health for some time and quietly passed away from the effects of old age.

The estimable lady was born in South Fredericksburg township in 1810. She was the daughter of Maj. John G. Clute, a U. E. loyalist, who came with the original band to Lennox county. She was married in 1833 to Mr. Murdoch, another descendant of the loyalists. Rev. Robert McDowell performed the ceremony. In 1860 they removed to Newburgh, Mr. Murdoch being a carpenter contractor. There he died twenty-nine years ago. Ten children were born, of whom seven now survive, Mrs. Casey, Mrs. W. H. Miller, Kingston; Mrs. G. E. Smith, Boston; John Murdoch, Bath; James, Rochester; Thomas D., Napance, and Charles A., Watertown, N.Y.

Three brothers survive the deceased. They are John G. Clute, Napance; David A. Clute, South Fredericksburg, and Henry T. Clute, Toronto. Her youngest and only surviving sister, Miss M. M. Clute, died on Thursday last at her brother's residence in Fredericksburg.

Mrs. Murdoch retained her faculties to the last. Her remembrance of early events was vivid and accurate. She recalled her father showing her the United States fleet passing through the Upper gap during the war of 1812-15. She was a woman of bright, vivacious manner, well read and intimate with passing events. She was eminently a home woman, devoted to her family and friends. She was a Presbyterian and highly esteemed in Newburgh, where much of her life was spent. Eight years ago she came to Kingston to reside with her daughters. The funeral occurs on Wednesday, her remains being taken to the Memorial church, Fredericksburg, for burial beside her kin.

Dear Madam:

Your latest letter of March 30th has just arrived, and I wish to reply while the wound caused by your letter is still painful.

Your desire to know the maiden name of William Fraser's wife, and your request that I supply you with the name of the Presbyterian minister is appreciated. Alas! there is no minister. Nor do the records of this church go back far enough to be of assistance to you. William Fraser and his wife, Elizabeth, settled in the next township above this village in the summer of 1784. William Fraser died in 1788. Elizabeth re-married in 1791 in the Anglican Church in that Township. The first Presbyterian records (marriages and a few baptisms) began in 1798. So what! The records to which I have just referred are in manuscript form and may be seen in the Library of Queen's University, Kingston, Ont., Canada. The first Pres. minister, Rev. Robert McDowall, came from Albany, N. Y., in 1798. His church was burned about 1828, since which time there has been no such church.

I suspect that you have misunderstood my letter, and I wish to take this opportunity to set you at rights. I have been an amateur genealogist for twenty years and in the past have done considerable research for various people. I have some six hundred files, dealing with our early families. I spent a year in Albany and practically all my spare time was taken up by this engrossing subject. During most of these years I have been interested in our Tory families. In the course of this research I came on the problem of William Fraser's wife and her possible descent from Sir William Johnson. Assuming that where there is smoke there's fire, I have kept the problem in the back of my mind whenever I searched new records. All this being so, I feel confident that I am qualified to speak on such matters. And when I say that Commander Clute's search will be costly, I mean just that. There are leads in Ottawa, Montreal, Toronto, Kingston and Napanee which must be explored before an answer can be given. To elaborate: William Fraser was married when he settled in this vicinity in 1784. He was born in Scotland and came to Canada about 1776 with his regiment. In 1781 he was transferred to a Tory regiment, and in 1783 went to Kingston, Ont., when his regiment founded the first British settlement. In the following year he removed to this area. He died in 1788.

Now, for Elizabeth: She might have been Elizabeth, the eldest daughter of Sir William and Molly Brant. She might have been the daughter of Sir William and Caroline, the niece of King Hendrick, the Mohawk sachem who was killed at Lake George in 1755. She might have been Sir William's daughter by any of several dozens of clandestine unions for which the baronet was infamous. She might have been a grand-daughter of Sir William by his half-breed sons, William and Brant, children of Caroline. She might have been Sir John's daughter by Clara Putnam, or some other foolish virgin. That Elizabeth was sponsored by John Ferguson and Magdalen Johnson means little, for this pair sponsored several other infants baptised at Kingston by the Rev. John Stuart. But, the several references in obituaries of Elizabeth's descendants would lead to believe that there is a relationship. The Elizabeth, daughter of Molly Brant, is stated to have married Dr. Robert Kerr, of the same Tory regiment to which William Fraser belonged. There are several references to this in local histories of this Province. And I am forced to believe them until proof to the contrary is obtained. Then, there is an Elizabeth, daughter of Brant Johnson and grand-daughter of Sir William. But she is known to have married Lieut. Ralph Deane. Now, there

to do to your misery please believe that I have a record that Molly Brant's daughter, Elizabeth Johnston was married in 1763. Oct., 1763. to Robert Kerr as a married, while Ault. William Fraser is known as a married man. Which of these married Elizabeth, daughter of Molly?

I wish you luck with the Commander's request. But you will need to dig very deeply. I could suggest a week in the Dominion Archives in Ottawa, Canada. And while you are here in this country you should spend a like time in the Archives at Toronto. This I have often wished to do, but have never got around to it. I am also told that there is a great deal of material in Chicago and in the archives of the Wisconsin Historical Society. There might be something in the many mouldy records of the dormant Lennox and Addington County (our county) Historical Society in Napanee. I say this because Elizabeth's second husband was one of our early members of parliament. If you should come this way I shall be pleased to let you peruse my notes of Molly Brant, William Fraser, Timothy Thomson and the Clute family.

Good hunting!

Yours sincerely,

Herbener.

Comdr. James M. Clute, U.S.N.,
49 Ann Street,
Port Richmond, Staten Island 2,
New York City, N.Y.

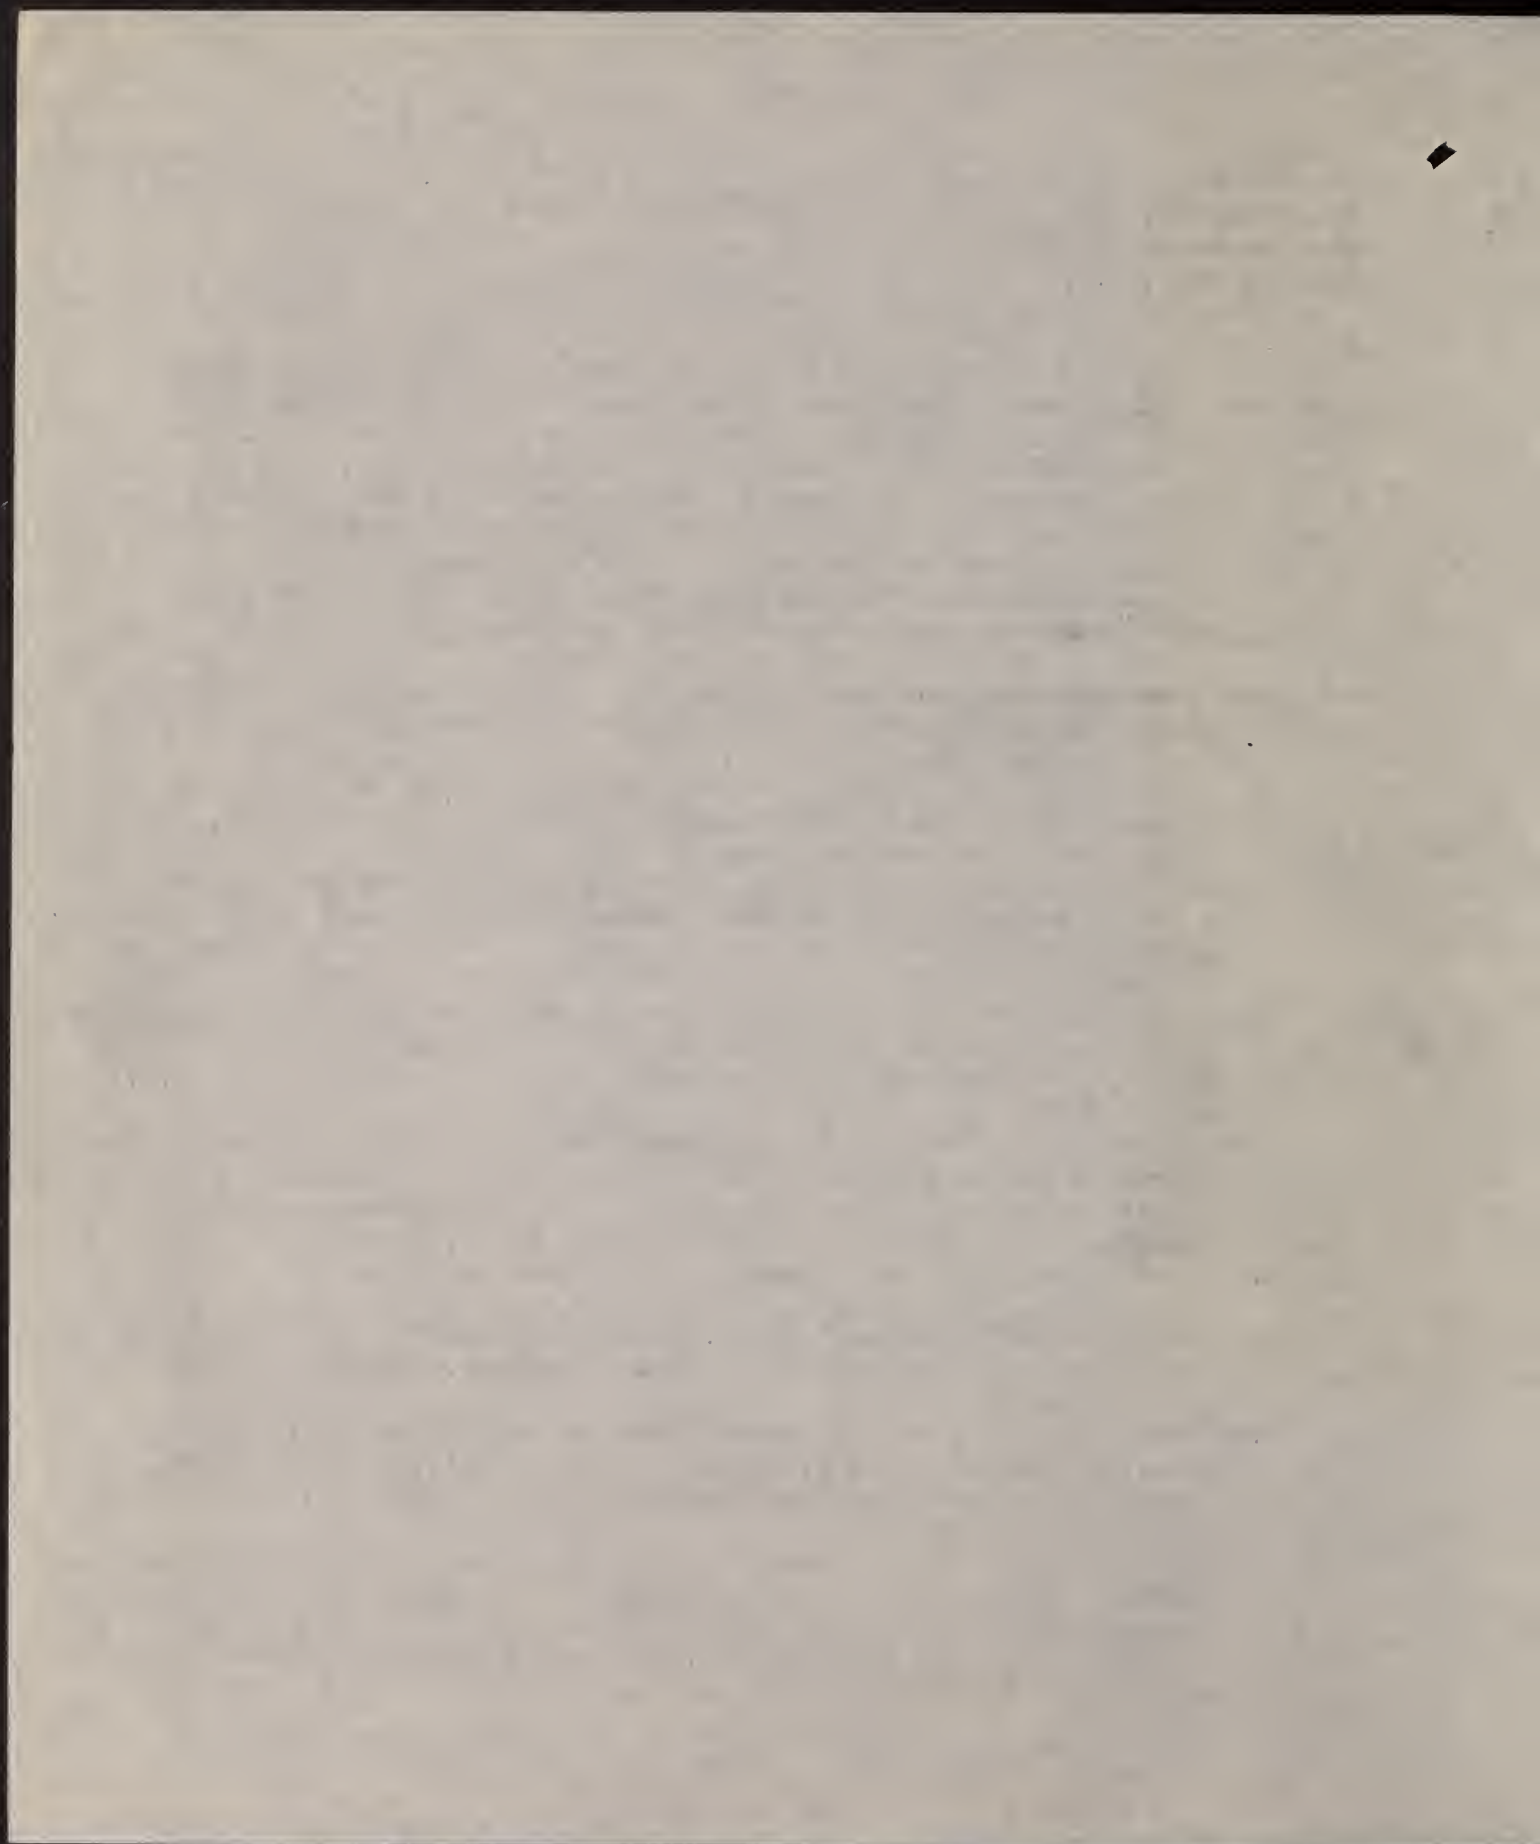

Dear sir:

I received your letter Saturday morning and proceeded to comply with your instructions re Fraser-Clute families. I visited the Sandhurst Cemetery and investigated the papers in the possession of Jonas Garrison. The former I am enclosing in this letter; the latter, unfortunately, were comprised mainly by some very rumpled clippings which I already have. One item of interest I copied--a deed--which names the daughters of Adjutant Wm. Fraser and their husbands, as shown by item 12 of the Notes on Fraser Family.

I have copied only those items which I considered had a bearing on your ancestors. There is much more bearing on collateral branches issuing from children of John G. and Jean (Fraser) Clute. These last I do not think you require. In this connection, I am unaware of just how much you already know of these families, and I have used my judgment as to what to send you. I stand corrected if my judgment has been wrong.

At this point I wish, if I may, to elaborate on the information I am enclosing, pointing out the significance of the material presented, as well as suggesting future lines of investigation.

1. Clute Family, page 1. I consider these notes on New York State Clutes to be of importance. As you know, these names are Dutch, which narrows the line of search. I very strongly suspect that the young errant lad mentioned under July 4, 1780, who started to join the enemy and then changed his mind, is the Gradus who later came to Canada, possibly by way of Montgomery County. I suggest that you write to Miss Edna L. Jacobsen, Manuscripts Division, New York State Library, Albany, N.Y., asking her for the name of some reliable person to conduct a search in the early records of Albany County for this family. It is very possible that this step might uncover the marriage of Gradus and Sarah Havens, as well as the baptisms of their children, Peter, Richard Denike, Mereta and Jom Gradus (see Clute notes, page 4).
2. The fact that Gradus and Sarah Clute, daughter of George Havens, applied for land on the same date, 13 Nov., 1797, almost certainly shows them man and wife. Their son, John G., being born in 1783, shows that they were married in U.S., prior to coming to Canada. This should prove a very informative lead to further data.
3. Page 5. Note that William Gerret Clute was born ~~JULY 1812~~ Aug. 4, 1812.; also that Fraser G. Clute was born in 1812. I feel sure that this child's proper name was William Fraser Garret Clute. Am I not right?
4. In the past I have written numerous letters in search of information re Adjutant William Fraser. Most of these letters have gone to the Public Archives. Their reply (see item 7, page 3 of Fraser Family Notes) gives a few items which I already knew. They give only a superficial search of records that they have already indexed. There are many, many more

documents which they will not review, giving as excuse that they are short-staffed and cannot undertake extensive search. For instance, I should like to know the following:

1. What references are there to the appointment of Wm. Fraser as Adj't. of the 2nd K.R.R.N.I.? There must be some in the Haldimand Papers.
2. Who recommended him for the appointment, and on what grounds?
3. Was he married by the Officer Commanding his regiment? And was this act mentioned in the correspondence of the day? There are several volumes of such correspondence in the Haldimand Papers.
4. Is there mention of his family in the civil lists of the posts where he was stationed? Was he a widower when he married Elizabeth? I suspect he was. As you will note, she was 25 years old when she became a widow. He had ten years service as a soldier at that time, as well as 5 years as a settler in Fredericksburgh. He must have been 35 or 40 years of age.
5. Who were the three male children with him when he settled in Fredericksburgh? The census taker might have made a mistake and miscalled them boys when they should have been girls. This I doubt, because Jane, who married Clute, was not born until 1788. I do not think that he had any children by Elizabeth when he settled in 1784. I think they were all born after October, 1784.
6. I also wonder what is said in the comments on officers of the 34th Reg't. I have seen such lists in Ottawa, but at that time I was looking for something else.

Those are but a few of the unanswered questions re Wm. Fraser. The answers doubtless lie in the Archives at Ottawa. Why not take a trip there yourself and spend a few days digging into these records?

I have not gone into the Brant-Johnson file. It is a large one--the accumulation of several years spent in trying to ferret out the surname of Adj't. Wm. Fraser's wife. As you know, it is a legend in your family that the Fraser strain was related to the Johnson family in some manner. This reminds me that I have omitted the following baptismal record of Jean Fraser:

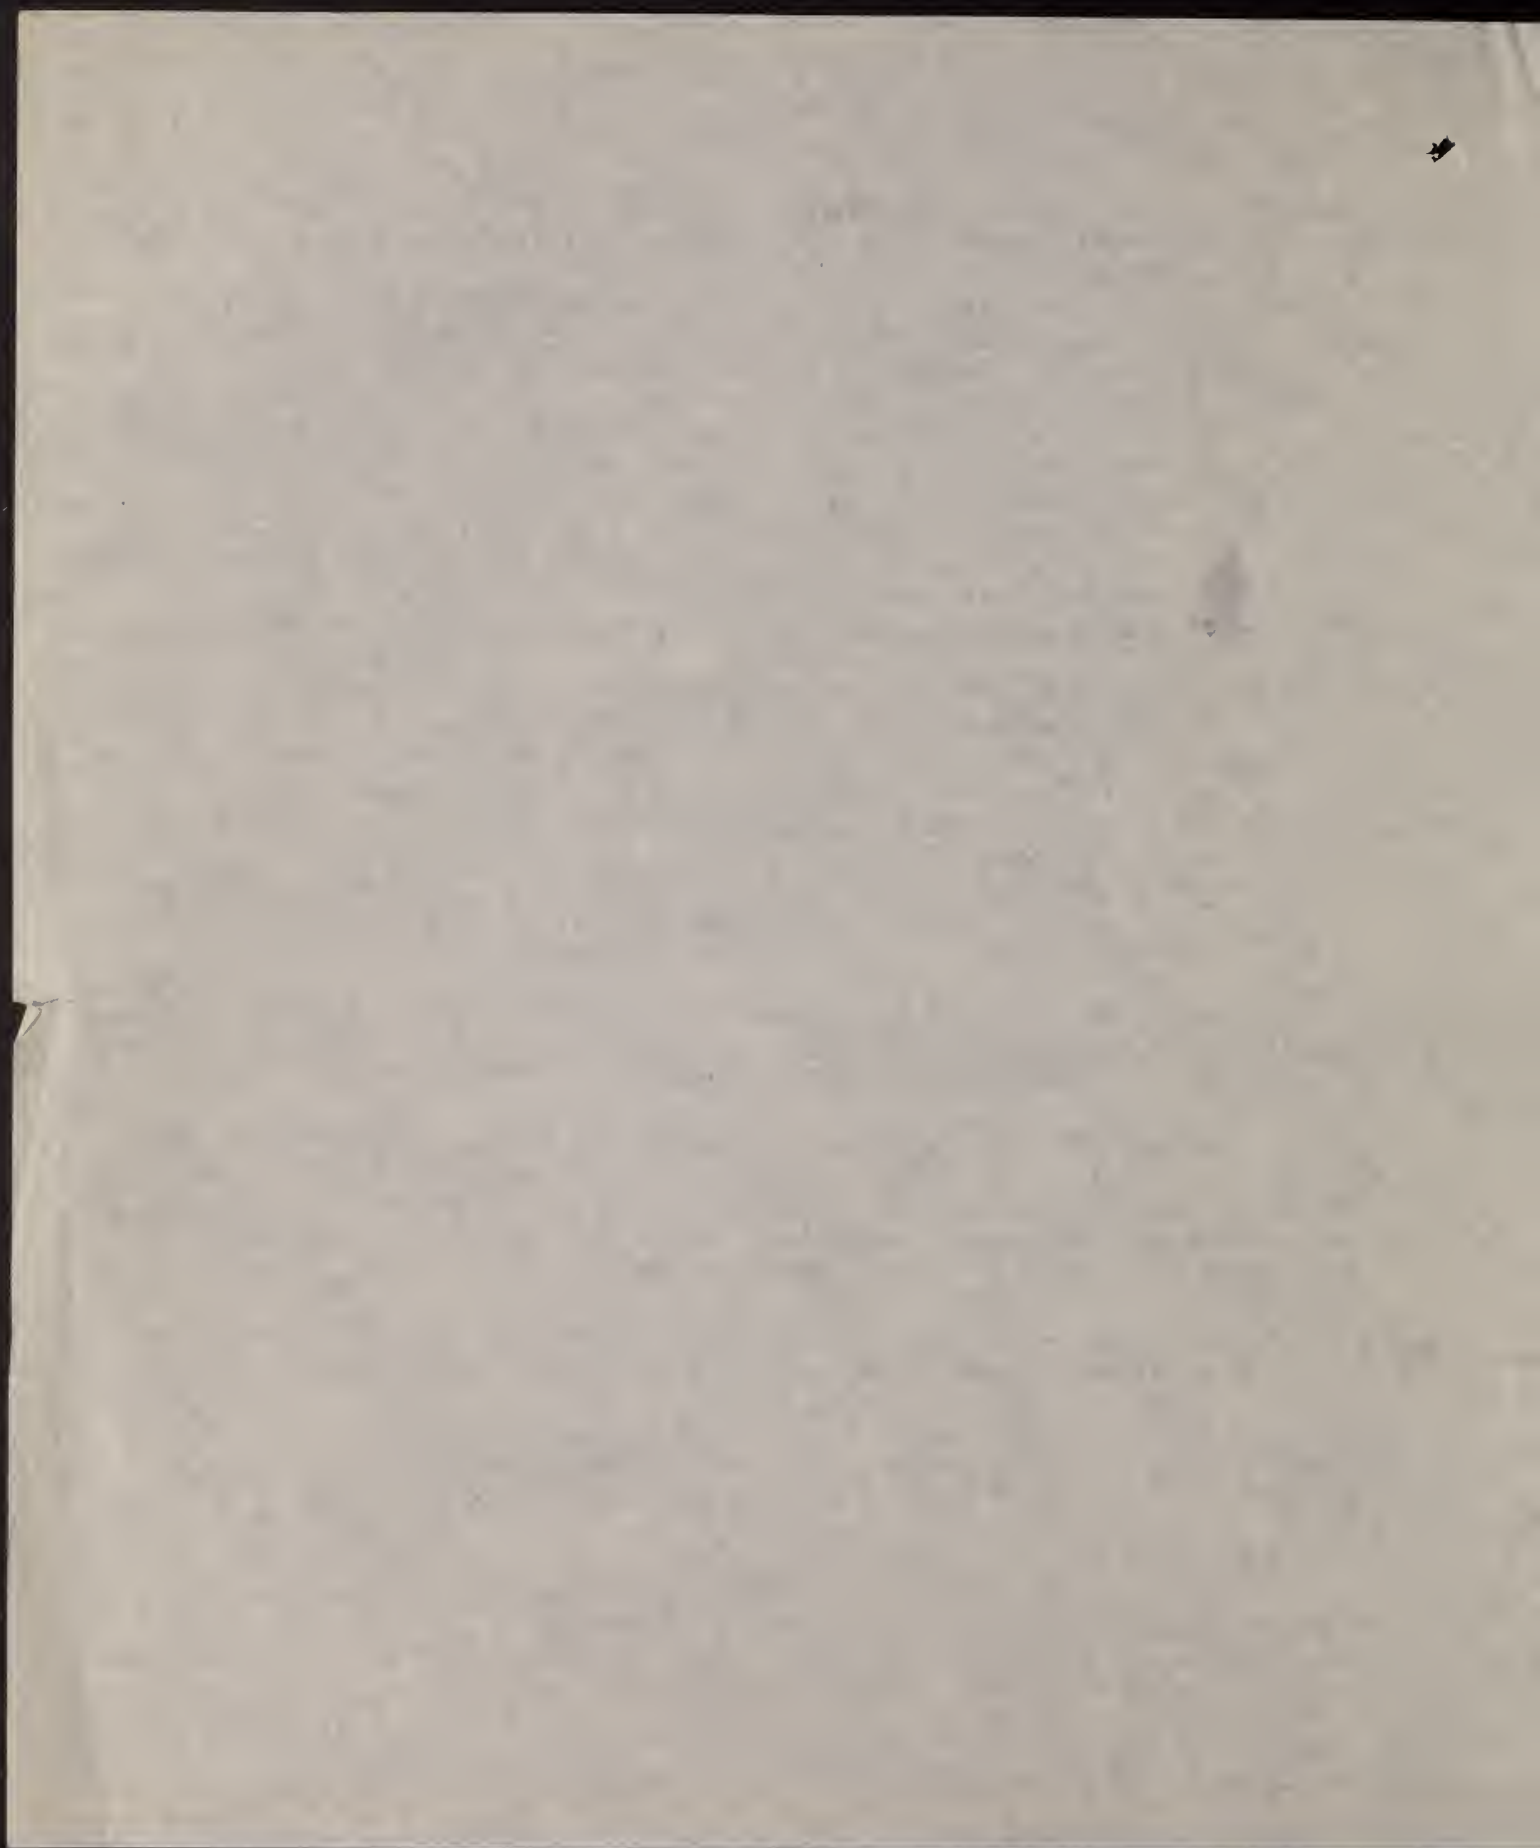

Sept. 15, 1810, baptized Magdalen Johnson Clute, daughter of John and Jane Clute; sponsors--John Ferguson and Magdalen Ferguson.

The above item appears in The Parish Register of St. George's Church, Kingston. As you doubtless know, the Magdalen Ferguson was Magdalen Brant, daughter of Sir William Johnson and Molly Brant.. That item is all-fired close to pay dirt--almost, but not quite!

Lastly, I am enclosing all records to members of the Clute, Fraser and Thompson families buried in the cemetery at Sandhurst.

If you should consider the trip to Ottawa, do not wait too long. The snow comes early and deep that far north.

Sincerely,

Biography and History of Saratoga County.

John Clute, who resides near the village of Waterford, is one of the original partners in the firm of Campbell & Clute, which for thirty years has conducted a successful business in the manufacture of knitting machines at Cohoes, Albany County. He is a son of Andrew and Maria (Hemstreet) Clute, and was born in Montgomery County, August 10, 1830. The family is of Holland descent, the paternal grandfather of John Clute having been reared in that country, which he left while yet a boy to settle in the United States. He was accompanied to this country by his two brothers, and was a farmer by occupation. After coming to America he located in Albany county, and resided there until his death, at an advanced age. One of his sons was Andrew Clute (father) who was born in Albany county in 1799, and about 1820 removed to Montgomery county, where he resided until 1842.

Commander James M. Clute,
c/o American Embassy,
M. D. A. P. Section,
Oslo, Norway.

Dear Commander Clute:

On May 23, 1950 I directed a letter to you at 49 Ann St., Staten Island, and on May 28th following your brother, William J. Clute, replied, stating that you were presently serving with the U. S. Navy in Oslo, Norway, and that I should continue search for the parentage of Elizabeth (Fraser) Thompson on my contemplated trip to Ottawa in June of that year.

I made that trip and spent a frantic day in the Archives, browsing hurriedly through every conceivable manuscript. I looked for one in particular, the census of Loyalist soldiers and dependants at Carleton Island and Oswego, but could not find them. I was very much disappointed, so did not write.

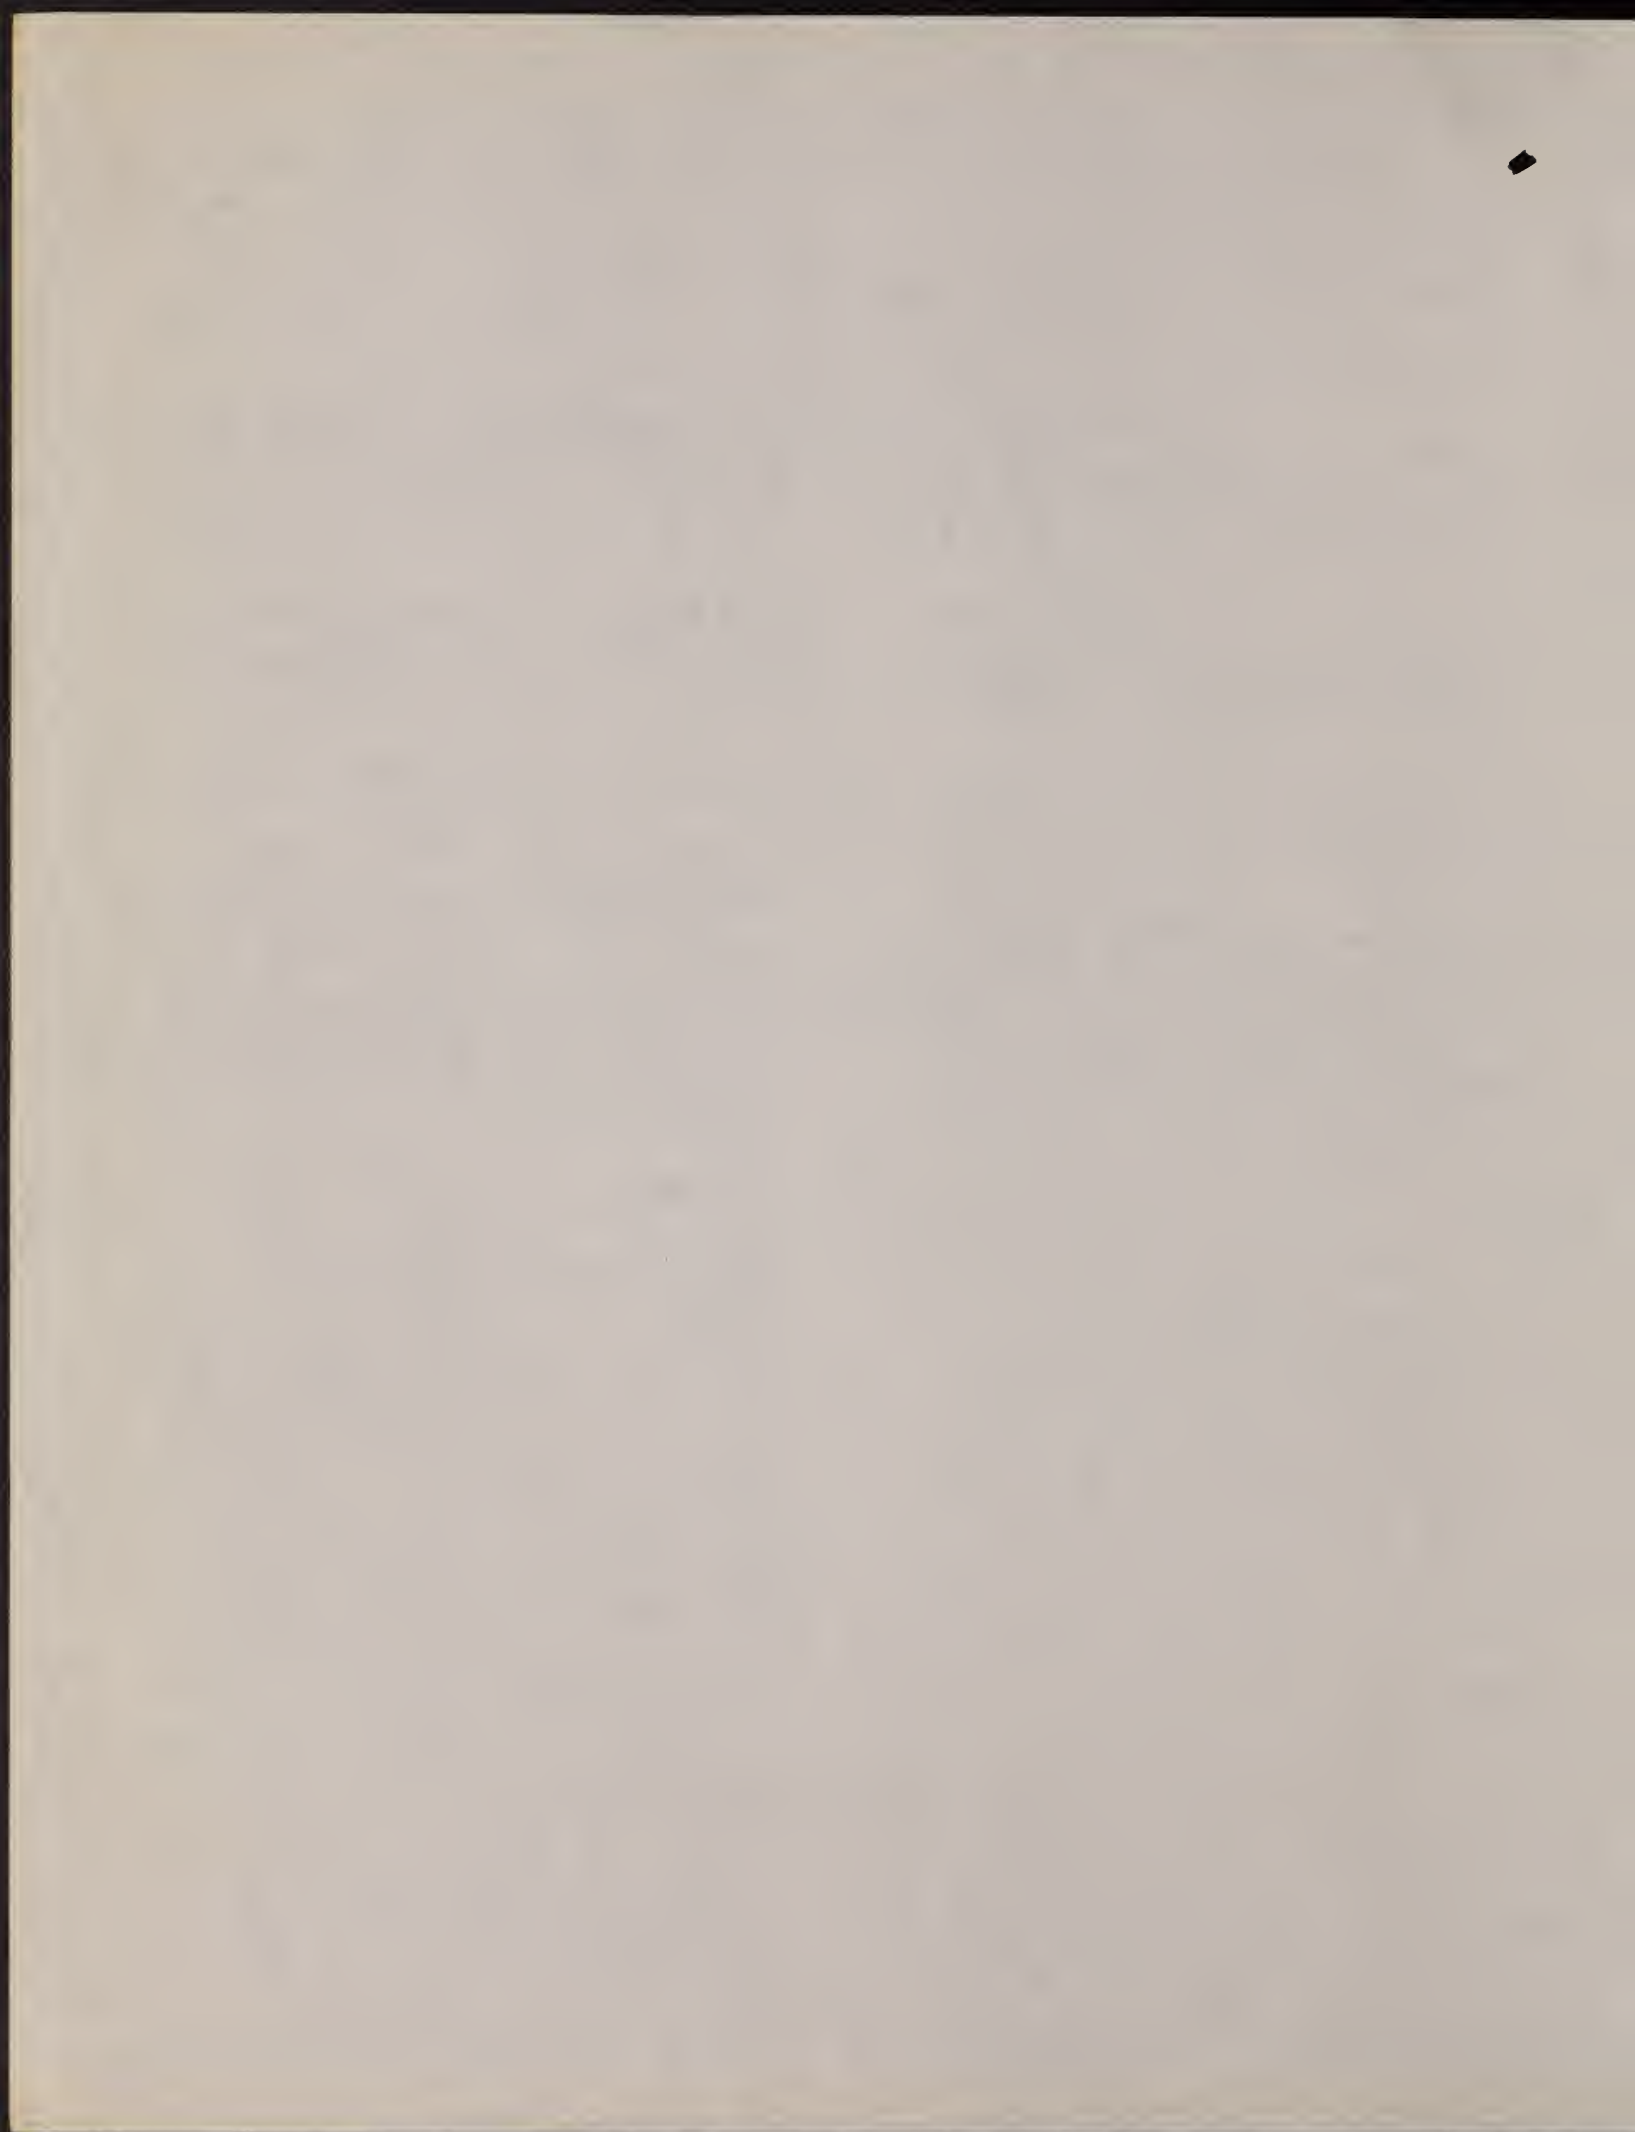

Then, last fall I went to Quebec City on a short trip. I took a half day out at Montreal, hoping to locate some information at the archives section of the Superior Court. Again no luck.

Then, this month I was in Toronto and, remembering the elusive lady, I went to the Provincial Archives. I told the Archivist my problem, bemoaning the fact that so much search had produced no results. He made some suggestions, of which I took advantage, and after some search I found her name among a list of sons and daughters of U. E. Loyalists. This and a good deal of information as to her family I am holding until I have had a reply to this letter because of uncertainty as to your present whereabouts. Incidentally, I am forwarding a copy of this letter to you at 49 Ann St. Staten Island.

I look forward to your early reply.

Yours sincerely,

H. C. Earleigh.

I am answering your recent letter to my Brother who is now stationed ashore in Oslo, Norway.

I am somewhat acquainted with his inquiries and I feel sure that he would want and appreciate your efforts to obtain further information regarding the Fraser-Ferguson-Thompson connection while you are in Ottawa.

If you want, you can then send the results direct to Brother. His address is as follows:

I am sending him your letter as well as a copy of this letter.

Dear Mr. Burlish,
First of all I wish to apologize
for not having answered your letter
of 7 Nov. 1949 more promptly. However,
when I tell you that my mother
passed away quite suddenly on 16
Nov. 1949, you can understand, I am
sure, that my delay in answering
is warranted.

In my next please find en-

I can see that there is a great
deal of information in your letter,
but I must confess that I have
not had very much time to
study it closely. I do know,
though, that William Janet Fraser
Clute was one and the same man.
Janet also seems to be a consti-
tute of the Dutch Genit.
I shall write later when things
are a bit more settled.

Dear Dr. Burleigh,

I have your letter of October 19th. before me, and I find it most interesting.

I assume that you have a carbon copy of this letter, in which case I should like to have the information you mention in items 1, 2 and 3. I should hope to do for the trip to Ottawa until later, and after I have reviewed what you send to me on the first three items. Specifically I should like all information you have available on the Clute family, including the origin of the name, if possible, and the "tie-in" with the Frasers and Thompsons.

There has been a tradition in the family that the Clute name was originally Canute, and that the family was of Danish origin.

"far-fetched"

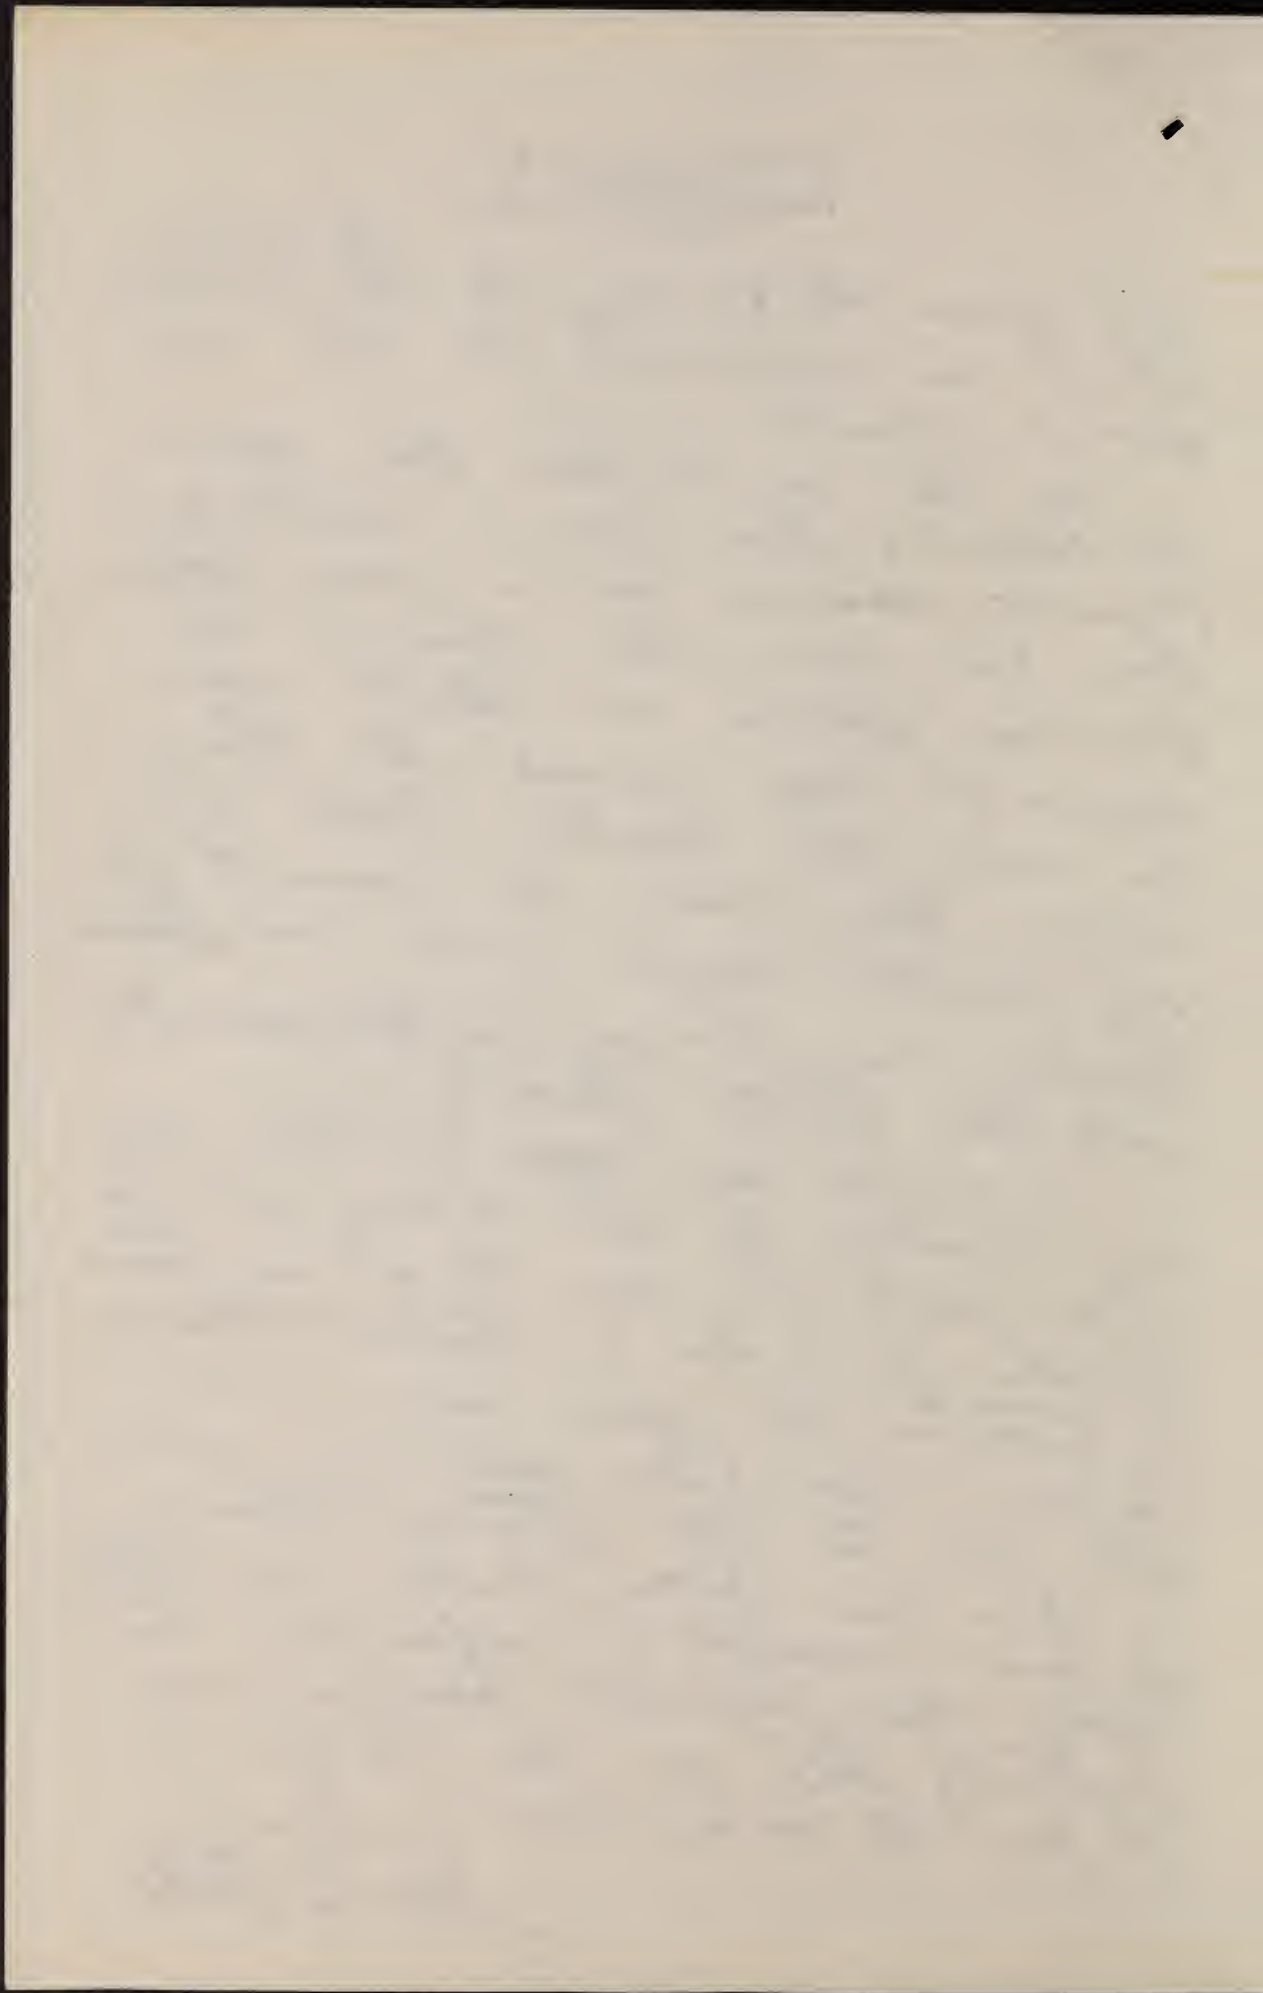

Of course, that may be far-fetched,
but I am mentioning it for your
hours of interest.

As far as I have been able
to determine, there was a Highland
Regiment stationed in or near John-
stown, Pa. during the time of Sir
William Johnson, and that this
Regiment later moved to Cana-
da with the United Empire Loy-
alists. This seems to account for
the Scotch names such as Fraser,
Thompson and Ferguson in the connection
with the Clute family.

I might say that I have been
very interested in the history of the
Clute family for some time, and ^{some} ~~some~~
^{summers} ~~members~~ ago, when in Amsterdam Island,
I ^{endeavored} ~~endeavored~~ to gain some infor-
mation, but I was not very success-
ful due to the ^{press} ~~press~~ of time.

From your letter, however, you ^{seem} ~~seem~~
^{coo-} ~~coo-~~ to have a wealth of information con-
cerning these loyalist families, and
I certainly hope you can ^{help} ~~help~~ me
to find the "missing links".

Sincerely,

Dear Mr. Burleigh,
Please pardon my long delay
in replying to your communication
of 25 July 1949, but I have been
extremely busy.

I am very much interested
in the parentage of Chigobeth,
widow of Asst. William Fraser,
and have seemed, in my quest
for same, to have run in barren
ground.

There has been a tradition
in our family, on the Clute side,
that we were descendants of Sir
William Johnson, Bart. who re-
sided in what is now N.Y. State,
and who was Commissioner for
Indian Affairs. I have been
unable to establish this in
virtue of many strong "right
facts" on the way which

certainly point in that direction.

I should like to know if you have any information concerning this matter, and what records are available which might aid in the search. Of course, if the ground is fruitful for such a search, I should be glad to enter into some business arrangement with you to defray your expenses. I have at hand a large amount of material uncovered in N.Y. State by Mrs. Egan, whom you mentioned in your letter, but the important connection between the Clute family and Sir William Johnson has proved elusive, although, as I have stated there are plenty of indications such exist.

Dear Sir:

Service records show that you were a prisoner of war for a period during World War II. Experience has shown that, possibly because of the hardships associated with internment, a number of ex-prisoners of war have developed disease of the lungs. This Department, in conjunction with other health organizations, is most anxious to conduct periodic examinations to detect the earliest signs of any disease. The examinations must be thorough as the earliest signs are not usually noted by the patient.

It is proposed, with your co-operation, to examine you at the end of six months following demobilization and again six months later, provided that the first examination does not indicate that more frequent examinations are advisable. As it is now about six months since your demobilization, this office proposes to conduct this medical examination at either Kingston or Peterboro, at which points the Department of Veterans' Affairs maintains adequate facilities for this purpose.

Since this is a matter of utmost importance to you, it is requested that you complete the attached form letter and return it to this office without delay, indicating the earliest and most convenient date on which you will be prepared to submit to this examination. At the same time please indicate your preference as to the place of examination, taking into consideration transportation facilities and time lost in transit.

On the receipt of your reply, this office will forward to you, unless otherwise indicated, a transportation warrant covering your bus or railway fare to and from the place of examination, as well as letter which you will relinquish to the examining doctor at the time of examination.

You will appreciate that your co-operation is a matter of vital importance to yourself and to your associations in preventing the spread of preventable disease.

Yours sincerely,

REPORT OF THE COMMISSION ON THE STATUS OF WOMEN

The Commission on the Status of Women was established in 1946 by the Economic and Social Council of the United Nations. Its mandate was to study the position of women in all spheres of life and to make recommendations for their improvement. The Commission has since held several sessions, each producing a report to the Council. The present report is the result of the Commission's work during its first session, held in 1947. It covers a wide range of subjects, including the legal status of women, their participation in public life, their economic position, and their family life. The Commission has found that women are still in a position of inequality in many parts of the world, and it has made a number of recommendations to bring about a more equal status for women. These recommendations include the need for legal reforms, the promotion of women's education and training, the improvement of women's working conditions, and the strengthening of women's organizations. The Commission believes that these measures are essential for the achievement of peace and progress in the world.

Peter Redner, a boy in 1793, had a son, Lewis, who married Jane Clute, the great-graughter of a British officer who served under Lord Howe at Tyconderoga. The Clutes came as loyalists from Montgomery County, New York, and settled in Fredericksburgh. Mrs. L. Redner's father was Richard G. Clute, the proprietor of the first store in Picton, and credited with being the commander of the first steamboat that plied the Bay of Quinte. Other members of this prominent family include: Justice R. C. Clute, who is a nephew of Mrs. Lewis Redner; and John S. Clute, who served in Fralick's Dragoons during '37, and was for twenty-seven years collector of customs at Picton.

My dear Mr. Brulage,

I thank you for your prompt reply. I am afraid I did not make plain just what I am seeking. It is the name of Jane Frazer's mother. Her baptism is recorded in the Easttown Church as the daughter of Wm. Frazer and his wife Elizabeth Blank. Wm. Frazer died 1791 & 92 (I have in my notes with me) whereupon she married Timothy Thompson (recorded in the same Church) "Elizabeth widow of Wm. Frazer". We need to know Elizabeth's family name. As the

Frazers were Presbyterians I thought
it might be that Wm and Eliza-
beth were married in the Pres.
Church. Could you search the
records? or what is the name of
the minister? I could write and
ask him. For like the family
of Sir William Johnson is very
fascinating my only real interest
in them has been the effort to
prove one of the daughters to have
been the wife of Wm Frazer. From
the baptismal record he knew
that if any it must have been
the eldest one who was Elizabeth.
If you can learn from the
Church record marriages I know
Wm Frazer married the search
will be easy.

Thank you, sincerely
Leonora H. Egan

might have married Robert
Kear. Jane has placed in the
Convent of the Ursulines at Quebec
for education by "Mrs Thompson"
the Mother Superior knew no
other name, but was removed
about two months later, she did
not say why in her letter nor
by whom. As none of the family
were Roman Catholics it seems
strange, and why removed so
soon? That is the last I have
found any trace of Elizabeth
wife of Col. Thompson. John G. Clute
attended the funeral of Col. Thomp-
son, nothing is reported of his
wife. Another story has come to

28

me, that Elizabeth Johnson
married Anthony Van der Pol
went to Penn. to live and died
there. Excepting that no one
knows what happened to Eliz.
Thompson after 1798 there seems no
reason to believe that.

I have told you all I know
for I know how impossible it
is to do any research work when
completely in the dark.

Thanking you in advance
Very sincerely

Col. H. C. Burleigh
Bath, Ont.

Dear Col. Burleigh,

Major Dupré wrote me
that after some conversation with
you you had expressed a wil-
lingness to help me with the
Johnson-Frazier problem and
suggested that I should write
to you. This I was very glad to do
for he spoke of your interest in
Presbyterian records, and I have
felt that it must be in some
church of that denomination
that the marriage, or other
proof of the identity of Elizabeth, wife

of William Frazer will be found.
Commander Clute of the U. S. Navy says
his father said I believe gratefully
father claimed that Jane Frazer
who married John G. Clute
was a grand daughter of Sir
William Johnson. They did not
know by which daughter. After
many inquiries, much time
spent in study a friend suggested
my writing to the sexton or other
official of the Ernestown Church
near which the family had
lived, so I did, and have found
Major Dupré extremely kind, thor-
ough and efficient. Through him
I learned that "Jane, daughter
of William Frazer and his wife
Elizabeth" was baptized in 1787.

I thought he could surely find the
marriage record there ~~the~~ which
would give her maiden name,
but it is not there, nor in the
Cathedral records at Kingston.
Now the proposition is advanced
that she married Robert Kerr (I
mean Elizabeth Johnson did) and
that Jane's mother was Elizabeth
Ferguson. I cannot keep this
letter even fairly decently short and
go into the many reasons which
make both ideas seem very
improbable, one is want of proof.
But Major Dupré thinks as I do
that we cannot but believe the
Elizabeth, mother of Jane, wife of
William Fraser and who afterwards

married Col Thompson was Elizabeth, oldest daughter of Sir William Johnson and Mary Brant. We have not been able to locate the burial place of William Fraser nor of Col. Thompson's widow (I believe she outlived him but I am not sure.) Perhaps the marriage of Wm Fraser and Elizabeth took place in the Presbyterian Church at Fredricksburg, or one or both may be buried there. I shall be most appreciative of any help you can give me. The marriage must have taken place before 1787 as that is when Jane was baptized. The Provincial Archivist at Toronto says they had two other children, girls, Mary Ann and Margaret. Major Dupré

says if they did it was before 1787. I find that Elizabeth Johnson and Robert Kerr are also credited with two girls Mary Margaret and Ann. That the two Elizabeths were the same age, that one would have been the sister the other the sister-in-law of Magdalen Johnson who married John Ferguson. That Col Thompson petitioned the Canadian government for land for his wife about the same amount as the land that had been forfeited by Elizabeth Johnson in New York. That Jane gave all her numerous daughters the names of Sir William's girls, and that the oldest one was Magdalen Johnson in full. That John Ferguson attended Elizabeth Frazer at

25-

her marriage to Col. Thompson, and that he and his wife Magdalen were sponsors at the baptism of Jane's daughter. I do not know the Commander's motive in having this search made, but he wishes it to be thorough, past the possibility of contradiction, and as it has taken much time and has cost considerable I certainly hate to disappoint him now. I told him at the outset that I knew nothing really of Canada and feared to undertake it, but he still wished it. I may have over-encouraged him, the theory seemed well based.

So as I said I shall be extremely pleased if you can find any proof. If she had had a divorce what records would there be? Could she have re-married? This is supposing that she

The text is organized into several sections, with some lines appearing to be headings or sub-sections. The handwriting is somewhat faded and difficult to decipher, but it appears to be a detailed record or account.

Magdalene Clute
Margaret Clute 1901

of South Frederickburgh

Both So. Frederickburgh daughters of Major John G. Clute, one of the U. E. Loyalists who came to this country with the original pioneers, and of their mother, a stepdaughter of Ensign Timothy Thompson, M.P.P., who represented this county in the old Upper Canada Legislature for twelve years. ~~They were~~ ^{They were} grand daughters of Sir John Johnson whose name was so prominent among the early founders of this province.

Their father, Jno. G. Clute, settled on a farm on the front of "Third Town," nearly opposite the Upper Gap, where they were born & reared.

Both were personal friends of Rev. Robert McDowall & were members of the church he founded at Sandhurst. Both are buried in the burying ground in connection with that historic old McDowall memorial church, beside their relatives of 3 generations. Both saw the church built & have excellent memories of its early members.

Margaret, dying aged 82, never married. She died on Thursday, 14th inst at the residence of her brother, David, near Hillsville & the funeral was at the old Memorial church on 16th. She died of old age.

Magdalene married Nicholas Murdoch, also a native of the Township & of U. E. L. descent, in 1833, & nearly thirty years of their married life was spent in So. Fredkburgh. There their 10 children were all born, we believe, of whom 7 still survive. Mr. Murdoch died at Newburgh nearly 30 yrs ago & lies buried in the cemetery at Sandhurst. He was buried Wednesday, 20th.

She remembered (having been born 1809) seeing the American war fleet pass through the Upper Gap during the fall of 1812. It passed directly in front of her father's home. She remembered (over) 9

seeing the 1st St Paul's church at Sandwich, ^{being by Rev. Jos. Langhorn} said to have been
the first church of England, "built from the ground for that
purpose," in Upper Canada, saw the Indian church at
Brantford

She assisted the other members in painting the inside of the
McDowall church when it was built & her husband built
and presented the pulpit, which is still used & is a
good specimen of joiner's skill

She died at the residence of her daughter, Mrs. H.W. Casey,
Kingston.
